"HUCKLEBERRY FINN" COMES TO ALHAMBRA NEXT SUNDAY

The immortal tale of the boy who means "boyhood" to all mankind. How he lived in the little river town and the attempts to "civilize" him. How his "Papa" came for the money. How he had found and stole Huck away. How he lived his life in the wild with his "Papa" and finally managed to run away. How he met up with the runaway Jim and took up his life on the raft, while the village gave him up for dead. How he met the "King" and the "Duke" and all the escapades of those two rascals. How Tom Sawyer appeared on the scene and the wonderful adventures of the two boys of all boys in the world.

It's a tale to warm to, to cheer to, to laugh over, enjoy its fullest. Such an entertainment as comes only once in a long, long time. Such an entertainment as you cannot afford to miss—now!

TINTIC STANDARD ACTIVE ON EXCHANGE Price Drops on Account of Low Dividend Declared on Stock for March

Tintic Standard was the most active stock on the board today during the session on the Salt Lake Stock & Mining Exchange. The stock closed yesterday with \$5.35 bid and \$5.50 asked, but lost all strength and sold as low as \$4.97 1/2 on the first call. It strengthened a little on the second call, it closed with \$5.00 bid and \$5.05 asked. This depreciation in value was evidently caused by there only being a 10 cent dividend declared on the stock which is payable on March 29th, 1920. The rest of the market was fairly active. Sells being very heavily traded in and changed hands from 13 1/2 to 14 1/2 cents. Eureka Lily was very heavily traded in, 14,500 shares changing hands at 22 1/2 and 23 cents. New Quincy brought 3 1/2 cents. Emma Silver changed hands at 12 1/2 cents and Rico Wellington showed a little strength, it changing hands from 33 to 34 1/2 cents and closed with 34 cents bid for it.

WORLD'S MARKETS

NEW YORK, March 16.—Prompted largely by the reported collapse of the German revolution and the rapid improvement of foreign exchange, stocks rose vigorously at the opening today. Gains of 1 to 5 points attended the initial trading in steels, motors, equipments and oils. An early reaction of 2 points in Texas company was soon replaced with an actual gain of 8 points. Leather, food, textile and chemical issues, as well as numerous miscellaneous shares, helped to swell the large volume of operations in the first half hour. Investment rails displayed moderate improvement.

Substantial advances were made by Crucible Steel, General Motors and Texas company, kindred shares rising 2 to 5 points. Extensive realizing was indicated by the sudden advance and much of this advantage was lost, but the market was back sharply.

Reactions were partly offset, however, by free buying of the more staple issues, especially shipments, equipments, coppers, tobaccos and oils of the Mexican group.

Maintenance of the nine per cent rate for call money provoked further selling before noon.

CHICAGO GRAIN

CHICAGO, March 16.—Fresh strength which manifested itself in the corn market today was associated with reports that for the first time in several weeks the elevators here were receiving eastern cars for the shipment of grain. All deliveries of corn reached the highest figures yet on the upturn. A brief setback after the opening was due to profit-taking.

Initial quotations, which ranged 1 1/2 to 1 3/4 up, with May \$1.53 1/4 to \$1.53 1/2, and July \$1.46 1/2 to \$1.47, were followed by general downturns, but then by a rise higher than before.

Out, ascended with corn. After opening unchanged to 1/2c higher, including July at 77 to 77 1/2c, the market sagged a little and then resumed its advance.

Provisions were somewhat firmer but dull. Grain strength was the bullish factor.

Strength in foreign exchange and in domestic securities led to additional gains in corn later. The close was nervous 2 1/2 to 3c net higher, with May \$1.55 1/2 to \$1.55 1/2 and July \$1.48 1/2 to \$1.48 1/2.

When You Go To The Theatre

An evening's entertainment at the Theater very likely does not call to your mind all the forces that operated to give you such a luxurious place of amusement.

But the facts are that through the wisdom and foresight of men connected with the First National Bank the building of the Orpheum Theater was made possible. This bank has always been the vanguard of civic and commercial development.

And it stands ready today to give assistance to enterprises whose merits demand progress and development.

'TWILIGHT BABY' AND 'TWELVE-TEN' SCORE HIT AT THE 'OGDEN'

"It's going to beat time" This well-known phrase describes the big double-barreled bill now being shown at the Ogden, with Marie Dore, in "Twelve-Ten," and the Henry Lehrman four-reel comedy, "A Twilight Baby." The latter picture ages forty minutes, during which time the spectator has a hundred going big laughs and eighty-six real hearty laughs. Those who were fortunate enough to see the comedy Sunday evening and yesterday are laughing yet and some have come back for another look, because the comedy is like a two-ring circus, there's something doing in every foot of the 4000 feet of film.
